

TVee® Model 20

**Hear everything
you watch...better!**

TV definitely not included, but the wireless subwoofer is.

Better Sports

Better Movies

Better Games

Hear everything you watch...better!
Better sports, better movies, better games. Better TVee!

TVee Model 20 puts you right in the middle of the action with a powerful soundbar and wireless subwoofer that work together flawlessly to improve your television experience. Whether you're watching sports, playing games, or just relaxing to your favorite playlist—TVee brings every tackle, every sound, and every note to life. The TVee Model 20 doesn't require an additional remote control, and with just one cable to connect to your TV, you'll be up and running in no time.

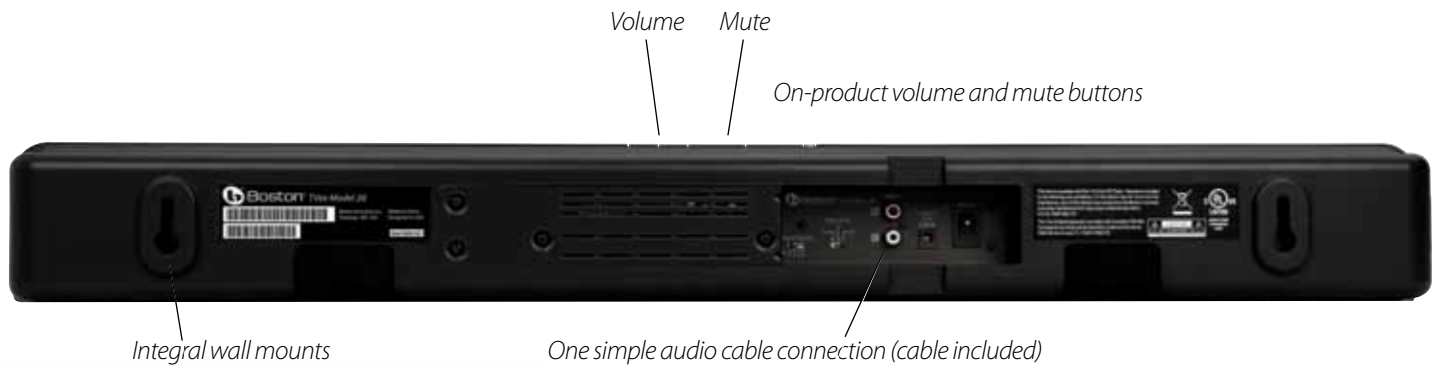

TVee® Model 20

What it means to be from Boston.

Many manufacturers design speaker systems around third-party and off-the-shelf parts, however, Boston Acoustics engineer every component, of every system, to meet the highest performance standards, our own. Of course, performance is only one measure of value. So we are careful to build all our products with strict attention to detail, from the choice of materials to the precise fit and finish. It's how we've been exceeding the expectations of serious listeners for over thirty years.
