Horizon Trio XT

High Performance Tabletop CD Music System

With a slot-loading CD player, highly sensitive DAB/FM Stereo tuner with RDS text support, auxiliary inputs for virtually any portable audio device and even an optional dock for your iPod®, Horizon Trio XT puts all your music options on the table — any table.

Full-range speakers, dual independently-tuned acoustic chambers and BassTrac® circuitry deliver outstanding, room-filling sound, and a mini remote lets you control it all from the comfort of a favorite chair.

a touch-sensitive snooze bar*

*High contrast LCD display
automatically adjusts to ambient light*

*Control your iPod with
the optional HRD-i dock
for your iPod. Available in
Mist or Midnight
Sold separately

Big-system sound brought down to size.

The distinctive shape of Horizon Trio is one key to its exceptional sound. Left and right full-range speakers are mounted in an acoustically-tuned chamber for rich, distinct stereo. Another key is proprietary BassTrac audio processing that delivers clean, realistic bass at any listening level. The two technologies work together to deliver stunningly lifelike reproduction of your favorite music—from virtually any source.

What it means to be from Boston.

First and foremost, Boston is an engineering company, and every Boston system is optimized to meet the highest performance standards (our own). Of course, performance is only one measure of value. So we're careful to build all our products with strict attention to everything—from the choice of materials to the fit and finish. It's how we've been exceeding the expectations of serious music listeners for over thirty years.

Features

- Highly sensitive DAB/FM Stereo tuner with RDS text support
- Slot-loading CD player supports CD, MP3, and Mini-CD formats
- Dual high performance 3½-inch full-range speakers
- BassTrac audio processing for clean bass at all listening levels
- 2 Auxiliary inputs for additional media players
- 5 DAB and 5 FM station presets
- Line and stereo headphone outputs
- High contrast display automatically adjusts to ambient light
- Dual independent alarm clock with sleep timer (sleep to one source, wake to another)
- 360° S-n-o-o-o-o-z-e bar
- Time and settings are saved (no battery required)
- Remote control included
- Internal power supply – no bulky external adapter needed
- Works with optional HRD-i iPod dock
